SUPPLEMENT II

TO

UNITED STATES IMPORT DUTIES (1950)

Introduction

United States Import Duties (1950) as supplemented by Supplement I to United States Import Duties (1950) contains a statement of United States rates of duty in effect as of January 1, 1951. On June 2, 1951 the President issued a proclamation relating to the results of the recently concluded trade agreement negotiations conducted at Torquay, England. As a result of this proclamation numerous changes in rates of duty became effective on June 6, 1951 and certain changes will become effective on July 6, 1951. This Supplement II to United States Import Duties (1950) indicates the changes to be made in the 1950 edition of Import Duties as previously supplemented in order to reflect the changes in duties referred to above. In addition, there is included a notation to be made regarding the suspension of the import-excise taxes on copper under section 3425 of the Internal Revenue Code.

The Tariff Commission gratefully acknowledges the cooperation of the Bureau of Customs, Department of the Treasury, in supplying to the Commission the matter contained in this Supplement II to United States Import Duties (1950).

United States Tariff Commission
Washington

June 1951

The changes in United States Import Duties (1950), as supplemented by Supplement I to United States Import Duties (1950), are indicated below.

Note: A line number indicates the line in the descriptive matter in column 2 on a page. A column number indicates the column, counting from left to right. In certain instances it is indicated that matter "on attached sheet" is to be substituted for certain matter in Import Duties. The matter to be substituted appears on sheets following page 25 of this supplement and is printed on one side of the sheet only for convenience in clipping and pasting.
